

VINE's Mission

- Build capacity for environmental and cultural education within the U.S. Virgin Islands.
- Link K-20 educators, natural and cultural resource organizations, and other stakeholders to promote environmental and cultural education within the U.S. Virgin Islands.
- Disseminate member, program and outreach information to teachers, administrators and community groups.

Virgin Islands Network of
Environmental Educators

Promoting Environmental and
Cultural Education in the Virgin Islands

VINE

Linking Environmental and Cultural Educators in the U.S. Virgin Islands

VINE was established in 2004 to create a network of environmental and cultural educators in the U.S. Virgin Islands. Since its creation, more than 25 organizations and members have worked to increase the quality and availability of environmental and cultural programs available to schools and community organizations in the territory.

VINE Member Organizations

Coral World

Friends of Virgin Islands National Park

Hovensa

St. Croix Environmental Association

The Nature Conservancy
