

V.I. RC&D COUNCIL

Pond Planning, Design & Construction Training

September 18, 2007, 8:00 a.m. – 5:00 p.m.
UVI Small Business Development Center Training Room,
Nisky Center, St. Thomas

The USDA Natural Resources Conservation Service (NRCS), in cooperation with V.I. RC&D, We Grow Food, Inc., DPNR-DEP and UVI-CES, is offering *Pond Planning, Design & Construction Training* in support of the partners' goals to provide education & outreach to improve farm water supply and minimize flooding and pollution from storm water. The training is designed to help build technical capacity in the Virgin Islands in order to improve the watershed planning process. The training will be conducted by NRCS Caribbean Area Staff Engineer Hilton Miro, and will utilize the USDA-NRCS *Ponds — Planning, Design, Construction* Handbook #590. The training is geared towards government agency employees, farmers, and others involved in building ponds for water supply and storm water retention in the territory.

COURSE FEE: FREE!

Registration Deadline: September 14, 2007

Forward the form below to the V.I. RC&D office at 692-9607 (fax); 5030 Anchor Way Suite 2, Gallows Bay, Christiansted, VI 00820-4692, vircd@usvircd.org, faye.williams@pr.usda.gov or julie.wright@pr.usda.gov.
